CAREER OBJECTIVE

B.Tech CSE (AI & ML) student with hands-on experience in software development, full-stack applications, and machine learning through internships and academic projects. Skilled in Java, Python, JavaScript, React.js, Node.js, PostgreSQL, REST APIs, and problem-solving. Seeking an entry-level software engineering role to contribute technical skills, learn from experienced professionals, and build reliable, impactful solutions.

EDUCATION

Bachelor of Technology — Computer Science & Engineering (AI & ML) Malla Reddy College of Engineering, Hyderabad CGPA: 7.98/ 10.0 Relevant Coursework: Data Structures, DBMS, Operating Systems, OOP, Computer Networks, Machine Learning, Artificial Intelligence		2023 – 2027
--	--	-------------

Intermediate (MPC) — SR Junior College, Hyderabad		2023 95.9%
--	--	--------------

SSC — Aryabhata Concept School, Mahabubabad		2021 97%
--	--	------------

SKILLS

Programming Languages: Python, Java, JavaScript, SQL, C
Web Technologies: HTML5, CSS3, React.js, Node.js, Express.js, REST APIs
Databases: PostgreSQL, MySQL
AI & Machine Learning: Scikit-learn, Pandas, NumPy, Machine Learning, Data Preprocessing, Feature Engineering, Model Evaluation, Prompt Engineering, Generative AI, LLMs
Core Subjects: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Developer Tools: Git, GitHub, VS Code, Jupyter Notebook, Postman, Prisma ORM, Google Colab
Soft Skills: Leadership, Communication, Teamwork, Problem Solving, Adaptability

INTERNSHIPS / TRAINING

ICT Intern – The Art of Living International Center, Bengaluru		Jun 2026 – July 2026
---	--	----------------------

- Contributed to the development and enhancement of a Student Management System by assisting with implementation, testing, and documentation.
- Assisted in project planning, documentation, software testing, and issue tracking to support project execution.
- Participated in Agile meetings, coordinated assigned tasks, and collaborated with team members to ensure timely project delivery.
- Prepared and maintained technical documentation, reports, and project updates.
- Strengthened problem-solving, teamwork, communication, and software development skills by working in a professional IT environment

PROJECTS

School Management System

Technologies: React.js, Node.js, Express.js, PostgreSQL, Prisma ORM, JWT

- Developed a full-stack School Management System to streamline student, teacher, attendance, class, and subject management.
- Implemented secure authentication and role-based access control using JWT.
- Designed REST APIs and integrated PostgreSQL using Prisma ORM for efficient data management.
- Built responsive React.js dashboards to improve academic administration and user experience.

Crop Recommendation System

Technologies: Python, Scikit-learn, Pandas, NumPy

- Developed a Machine Learning model to recommend suitable crops based on soil nutrients and environmental conditions.
- Performed data preprocessing, feature engineering, and model training using agricultural datasets.
- Compared and evaluated multiple Machine Learning algorithms using standard performance metrics to identify the best-performing prediction model.

CERTIFICATIONS & COURSES

- Cisco Networking Academy – Cybersecurity
- Infosys Springboard – Python & Cybersecurity
- TCS iON – Career Edge: Young Professional
- Machine Learning Internship – Cognifyz Technologies
- Software Development Internship – Code Alpha

ACHIEVEMENTS & AWARDS

- **Winner** – Internal Smart India Hackathon (SIH), Malla Reddy College of Engineering — 2025
- Led the development of academic software projects, coordinating team activities and contributing to successful project completion.
- Earned the **Cisco Cybersecurity Certification**, demonstrating foundational cybersecurity knowledge.
- Successfully completed **TCS iON Career Edge – Young Professional** certification.

EXTRACURRICULAR ACTIVITIES

- Active participant in coding workshops and technical learning sessions.
- Volunteer in community service and campus activities.
- Collaborated on team-based software development projects.
- **Volleyball Finalist:** Represented the **B. Tech CSE (AI & ML)** department in the college sports tournament and reached the finals.
